

OVERVIEW:

National Productivity Organization, Ministry of Industries & Production a liaison office of Asian Productivity Organization (APO) Tokyo, Japan announces one-day training program on "SAFETY AT WORKPLACE".

Workplace safety training is a process that aims to provide your workforce with knowledge and skills to perform their work in a way that is safe for them and their co-workers. In addition, an effective workplace safety plan includes instructions and guidelines to identify hazards, report them, and deal with incidents.

POTENTIAL PARTICIPANTS:

- Senior Management
- Middle Management
- Team Leaders
- Supervisors

LEARNING OBJECTIVES:

The primary objective of workplace safety is preventing workplace injuries, illnesses and fatalities. Employers develop detailed plans that provide guidance in the event of an accident, fire, natural disaster or other emergency.

COURSE CONTENTS:

- Common Safety. Definition & issues
- Types of fires & hazards and use of extinguisher
- Safety management system
- Hazard and risk mitigation
- Development of Safety Culture
- Safety regulations, standards
- Developing safety policies, procedures and processes
